Nuovo Espresso 1.pdf

The machinery is designed to provide a modern coffee machine suitable for every type of use. The design is compatible with all types of capsules and capsules.

The "no steps" and "no dirt" design ensures perfect extraction of coffee and suitable for all types of products. It is an automatic coffee maker with automatic w/volumetric dosing that meets the criteria for export and it is the ideal espresso equipment for the greater majority of people. The 4500 watts of power supply

provide large heating power for the beans, the best extraction possible. The use of pure water also improves the quality of the water, which in turn produces an even more perfect coffee. The 8 lt. boiler ensures the extraction of every trace of coffee and in addition to the advantages cited before, the design of the boiler ensures easy maintenance and durability of the coffee machine. The functional programming of the boiler also provides heat for the wands, even though they are not currently utilized. and therefore the machine is fully compatible with all flavors and

capsules. These advantages, are incorporated in the "Nuova Simonelli" high quality espresso coffee makers. Entro, apri, spara, si, arresta, avanza, accesa... We wish to offer you an espresso coffee machine which meets your needs in the best way: from the first selection to the maintenance of the machine, we are always available for your problems and needs. You will not be disappointed with this machine. (Yours sincerely, The Nuova Simonelli Team.) 5ec8ef588b
